What do we mean by?

Cost price

In the terms and conditions we often state that we reimburse the cost price. By this we mean that we reimburse the full rate charged by the health care provider (for example, a general practitioner, therapist or specialist) for the medical treatments. However, OOM does have the ability to negotiate with the health care provider regarding the rate charged.

Maternity care

Care by a maternity nurse, for mother and child, and household chores.

Country of origin and domicile

- **Country of origin:** The country where you lived before moving abroad or the country of which you are a national.
- **Domicile:** The place where you live. Generally, this place will be the centre of your daily life. We determine where you live on the basis of your legal, economic and social connection with a country and your connections with the country of origin. For example: which country you are registered in as a resident or where you work and pay taxes.

War and kindred risks

- **Armed conflict:** if nations or other organised parties fight with one another or one contends against the other, in either case using military weapons. Or armed action by United Nations peacekeeping forces.

- **Civil war:** a more or less organised violent conflict between inhabitants of a single nation, involving a significant proportion of the inhabitants.
- **Civil disturbance:** more or less organised acts of violence occurring at several locations within a nation.
- **Uprising:** organised violent resistance within a nation, directed at the public authorities.
- **Riot:** a more or less organised violent local action, directed at the public authorities.
- **Mutiny:** a more or less organised action by members of an armed force directed at the authorities under whose command they are placed.

This war and kindred risks terminology forms part of the text filed at the District Court of The Hague by the Verbond van Verzekeraars in Nederland (Dutch Association of Insurers) on 2 November 1981.

Accident

Sudden and direct external assault causing you physical injury capable of being identified by medical means.

Hospital

An institution authorised by the competent authorities where, in the event of illness, you can be nursed, treated and examined. This description also includes any institution specifically intended for rehabilitation and a sanatorium. Rest homes, convalescent homes and nursing homes are not included.

1. Where is your insurance valid?

Your policy sheet states the region in which you are insured. There are 3 regions:

- **World:** you are insured anywhere in the world.
- **World excluding US:** you are insured anywhere in the world, except the United States.
- **World excluding US, China, Hong Kong, Malaysia, Singapore and Indonesia:** you are insured anywhere in the world, except the United States, China, Hong Kong, Malaysia, Singapore and Indonesia.

Note: SOS cover and OOM Dental cover apply anywhere in the world.

Regardless of the insured region, there is no coverage in the Netherlands during any period when you are required, under the Dutch Health Insurance Act (Zvw) or another statutory provision, to be insured under Dutch basic health insurance or another statutory health insurance.

The following provisions apply if you have medical treatment in a region for which you are not insured:

- If you are insured for the "World excluding US" region but you incur costs in the United States or you change your insurance because you intend to have medical treatment in the United States, we will insure 75% of these costs.
- If you are insured for the "World excluding US, China, Hong Kong, Malaysia, Singapore and Indonesia" region but you incur costs in the United States or you change your insurance because you intend to have medical treatment in the United States, we will insure 50% of these costs.
- If you are insured for the "World excluding US, China, Hong Kong, Malaysia, Singapore and Indonesia, we will reimburse the following costs:
 - Urgent medical treatment: 100%. This is limited to: costs of treatment in hospital and medical transport by ambulance by road to the closest hospital, to the extent that these costs are included under the cover you have chosen. The situation must involve a sudden illness or accident for which you require immediate medical treatment.
 - 75% of the costs of other medical treatments, where these are included under the cover you have chosen.

If you go to a region for which a higher premium applies for the purpose of having medical treatment, no cover will apply unless you have obtained permission for this from OOM or the OOM Assistance Centre.

2. In which circumstances will we make a payment?

We only reimburse medical costs you incur during the term of your insurance.

Medical necessity

If and to the extent it is medically necessary, we will reimburse the costs of medical assistance, as described in clause 7 of these terms and conditions. By medical necessity we mean that the necessity is based on generally recognised, scientific medical considerations. The treatment, test or examination is generally accepted according to medical standards.

Unrestricted choice of health care provider

You are entitled to select the hospital or health care provider of your choice. We do ask you to follow the instructions of the OOM Assistance Centre.

Maximum reimbursement amount

OOM will not reimburse any amount that exceeds the maximum charge rates approved by the appropriate authorities.

3. Which cover options are available for the OOM Living Abroad Insurance?

With the OOM Living Abroad Insurance you can choose different levels of cover:

- **Regular** cover;
- **Comfort** cover;
- **DeLuxe** cover.

The differences between these cover options are set out in clause 7.

SOS cover

If you have a health insurance with Regular, Comfort, or De Luxe cover, you are automatically entitled to the SOS cover. You can also take out the SOS cover alone. In that case, we will only reimburse the costs described in these terms and conditions under the heading "Which costs do we reimburse under SOS cover?"

OOM Dental cover

In addition to Regular, Comfort or DeLuxe cover, you can take out OOM Dental cover. This insures you for dental costs up to a maximum amount. This maximum amount applies for dental costs per insured person per insured year. OOM Dental cover can only be taken out in combination with health insurance.

War and Kindred Risks cover

If you have a health insurance with Regular, Comfort, or DeLuxe cover, you are automatically entitled to the War and Kindred Risks cover. It is not possible to take out War and Kindred Risks cover separately.

These special terms and conditions explain which costs we reimburse for each cover option.

Discount if you have Dutch basic health insurance

If you take out Regular, Comfort or De Luxe cover alongside Dutch basic health insurance, you will receive a 15% discount on the premium. You will need to provide proof of your basic health insurance, by providing us with a copy of the policy sheet at our request. If you cease to be entitled to basic health insurance, you must

inform us within one month. In that event, the discount will also cease to apply. You will pay the full premium again from such time as your entitlement to basic health insurance ceases. If it turns out you do not have Dutch national health insurance, we will charge you the full amount for your insurance premium from the moment you were no longer entitled to the Dutch national health insurance. This means that you will need to pay a supplement to the premium you paid during that period.

Age-related premium increase

The premium for your health insurance is dependent on your age. When you reach the ages of 18, 30 and 40 years (and every five years thereafter) the premium for your health insurance will increase.

4. Are your children also insured?

If you inform us of the birth of your child in writing within one month, your child is insured from birth and any congenital diseases or defects are also covered. If you do not notify us in time, you can make an application accompanied by a health declaration. If we accept your child, he or she will be insured from the date of the acceptance.

Your child will automatically receive the same cover as you. For example, if you have taken out Comfort cover, your child will also have that cover.

If you adopt a child, your child is not automatically insured with us. In that case, you can make an application accompanied by a health declaration. If we accept your child, he or she will be insured from the date of the acceptance.

If you are a mother insured with us and you and your new baby have to spend more time in hospital, we will reimburse the costs for both mother and child.

5. What should you do if you have a claim?

Inform us of any events eligible for a payment under this insurance as soon as possible.

Worldwide

OOM Assistance Centre

+31 (0)70 353 21 35

24 hours a day, 7 days a week, assistance provided in Dutch or English

In which situations:

- hospitalisation (except in the US);
- outpatient treatment (for example a visit to a specialist or a medical test or examination);
- death of the insured person;
- medical repatriation or necessary early return;
- search or rescue;
- pregnancy and childbirth (no later than 10 weeks before the expected due date, so that together with the OOM Assistance Centre, you can look for a suitable local hospital for the birth)..

Note:

- Never reimburse the costs to a healthcare provider yourself if a payment guarantee has been issued by the OOM Assistance Centre. Even if the healthcare provider offers you a discount if you pay immediately;
- Bear in mind that a medical assessment is necessary for a payment guarantee in the event of non-emergency, plannable medical care. This may take several days.

In all other cases you should contact:

OOM Verzekeringen

Telephone: +31 (0)70 353 21 00 (during office hours in the Netherlands, 8.30 a.m. to 5 p.m.)

Fax: +31 (0)70 360 18 73

Website: www.oomverzekeringen.nl

Email: info@oomverzekeringen.nl

You do not need to inform us separately of events that are non-urgent, but which we do reimburse under this insurance. You can upload claims to "Mijn OOM".

The general terms and conditions set out your other obligations, such as your obligation to cooperate with the investigation to assess a claim, and the consequences if you fail to comply with your obligations.

6. How do we process claims?

When we receive a claim from you, we first check whether the costs incurred are eligible for reimbursement. And if so, what is the reimbursement amount. In determining this amount, we take into consideration a number of aspects, including the maximum reimbursement amount. You can also submit claims using our online customer portal "My OOM".

Does an excess apply?

You may have opted for an excess to apply to your Regular, Comfort or De Luxe cover. This excess applies per insured person per insured year. If the period insured is shorter than a year, then the excess applies for the period insured. You select the excess amount when applying for the insurance and this amount is stated on your policy sheet. No excess applies for SOS cover or OOM Dental cover. If you are hospitalised in one insured year and only discharged from hospital in the following insured year, the excess only applies once.

We pay the amount remaining after any excess has been deducted. We will transfer this amount to you in Euros, unless we have agreed otherwise with you.

We reserve the right to recover from you by direct debit any excess amount that we have paid to you.

If you have outstanding unpaid premiums, we will only make the reimbursement payment once you have paid all outstanding premiums.

Foreign currencies

If you send a bill to us that has been charged in a foreign currency, we will convert the amount charged into Euros at the exchange rate applicable on the day the event occurred. For bills for health insurance or SOS insurance, we use the exchange rate on the invoice date. We use the exchange rate published at <http://finance.yahoo.com>.

7. Which medical treatments are covered by your OOM Living Abroad Insurance?

The medical treatments and costs that we reimburse depend on your cover. For each type of treatment or cost we set out below the reimbursement you are entitled to under the various cover options.

For treatment by a health care provider (for example a general practitioner, therapist or specialist), the provider must be accredited by an authorised body and authorised to carry out such treatment.

8. Which dental costs do we reimburse under OOM Dental cover?

As part of the OOM Living Abroad Insurance you can take out OOM Dental cover, which insures you for dental costs up to a maximum amount. This maximum amount applies per insured year or insured period if you are insured for a shorter period. If you have taken out this option, the insured amount is stated on your policy sheet. No excess or patient contribution applies.

If you have taken out OOM Dental cover, then you are insured up to the maximum insured amount for the following costs:

- medically necessary dentistry, such as diagnostics, prevention, dental cleaning;
- treatments such as root canal treatments, crowns and bridges;
- two preventive examinations each year;
- fillings and anaesthetics;
- inlays;
- Maryland bridges;
- mock-ups;
- dental root sealing;
- implants in a non-toothless jaw.

Conditions:

The following conditions apply for OOM Dental cover:

- The treatment or examination must be aimed at repairing or improving your teeth according to generally accepted medical standards.
- We never reimburse more than the maximum insured amount.
- We will not reimburse you for unattended appointments and subscription costs, or for cosmetic dentistry such as tooth-whitening procedures.
- The dental treatment must be carried out by a qualified dentist, dental hygienist, dental technician, prosthodontist or oral surgeon recognised by the appropriate authorities.
- If dental costs resulting from an accident exceed the maximum insured amount for the health insurance, the additional costs can be claimed under this OOM Dental cover. Costs falling within the excess under the health insurance cannot be claimed under the OOM Dental cover.

9. Which costs do we reimburse under the SOS cover?

Search and rescue	<p>We reimburse the costs of search, rescue or recovery of an insured person who is missing or involved in an accident. These costs are only insured where the operation is conducted on the instructions of an official authority, for example the police. In that case you must send us a statement by that authority. Without this statement you are not entitled to reimbursement. We pay a maximum of €25,000 per event for search and rescue costs.</p>
Repatriation and evacuation	<p>If medical treatment is not possible in the country in which the insured person is staying and treatment cannot be postponed, we reimburse the following costs of repatriation and evacuation:</p> <ul style="list-style-type: none">• the costs of the patient's flight and accommodation;• the costs of an accompanying person's flight and accommodation, if OOM's medical advisor considers it necessary for the patient to be accompanied or in the case of children under 16;• the flight costs for return travel to your home;• the costs of flight and accommodation for children under 24 months, if we reimburse the mother's repatriation and the children are insured with us. <p>The following conditions apply to repatriation and evacuation:</p> <ul style="list-style-type: none">• If you need to be repatriated, notify the OOM Assistance Centre (see "What should you do if you have a claim?") as soon as possible. We only reimburse repatriation if you have obtained our authorisation in advance. The repatriation or evacuation must be medically necessary in OOM's opinion. This means that there must be a medical need for treatment that cannot be carried out in the country where the insured person is staying and cannot be postponed. Note: a fracture can be adequately treated in almost any country in the world. As a result, no right to reimbursement of repatriation will generally apply in that situation.• The OOM Assistance Centre will decide whether a medical necessity applies on a case by case basis. Local social or hygiene conditions and risk of HIV infection do not constitute justification for reimbursing your costs.• You may elect to be transported to the nearest hospital, a hospital in your country of origin or a hospital in the country where you reside. Satisfactory treatment must be available at this hospital.• You must select the cheapest flight available. The costs of a scheduled or charter flight will be reimbursed at the rate applicable for tourist class travel.• The costs of air ambulance travel will be reimbursed if the OOM Assistance Centre considers this method of transport to be necessary.• You must select the cheapest possible accommodation. We will reimburse up to €100 per day, to a maximum of €2,000 per case <p>If you have taken out Regular, Comfort or DeLuxe health cover, the following terms apply:</p> <ul style="list-style-type: none">• In the event of (essential) hospitalisation, we may repatriate the insured person to a hospital in the country where he resides, as soon as this is medically safe. Even when it is not medically necessary.• We only reimburse the cost of repatriation and evacuation if the medical treatment is covered by your insurance. <p>If you have only taken out SOS cover then the two terms above do not apply to you..</p>
Transport of mortal remains	<p>The costs of direct transport of mortal remains to the country of origin up to € 25,000 per event. We reimburse:</p> <ul style="list-style-type: none">• the cost of an inner coffin required by applicable regulations;• any other costs for the transport of mortal remains.

Special costs

We reimburse the following special costs:

- the costs of any necessary change to a flight ticket due to an illness or accident occurring to the insured person while visiting the country of origin. We reimburse up to €1,200 per event;
- the costs of changing flight tickets for the other family members insured under this policy, if the illness or accident is life-threatening. We reimburse up to €1,200 per person per event;
- telephone costs incurred by an insured person in respect of a repatriation that we reimburse. We reimburse up to €150 in telephone costs per repatriation.

In the event of the life-threatening illness or death of an insured person who has SOS insurance with OOM:

- either the travel and accommodation costs of up to one person travelling from the country of origin;
- or the travel and accommodation costs of up to one other insured person (a person who also has a current SOS insurance policy with OOM Verzekeringen) returning to the Netherlands at the same time due to the life-threatening illness or death.
- We reimburse the costs of flight tickets and hotel accommodation up to a maximum of €2,000 per event. The costs of meals, drinks etc. are excluded.

10. Which costs do we reimburse under War and Kindred Risks cover?

If you have a health insurance and/or SOS insurance policy, you are automatically entitled to War and Kindred Risks cover. This allows you to claim reimbursement of healthcare costs and/or SOS costs arising due to war and kindred risks. For healthcare costs the cover for damage or loss due to war and kindred risks is the same as the cover under your health insurance (Regular, Comfort or De Luxe). The reimbursement you are entitled to claim depends on the amount contained in the department fund. More information is given on this in the paragraph on "Processing of claims".

If you suffer damage or loss due to war and kindred risks, you can claim your costs from "O.O.M." Onderlinge Molestverzekering-Maatschappij U.A. This mutual trust company works with department funds. The department fund for this insurance is called "Ziektekosten Global Care" and forms part of the health costs department. The amount contained in the department fund affects the amount of the compensation payment you receive. This is because the total amount of compensation payments we make to all the

insured persons combined cannot exceed the total premium amount that you have all paid. To make this clear, we will first explain how the department fund is created. We will then explain how we process any claims.

The following situations are not covered by War and Kindred Risks cover:

- Costs arising from your own participation in an armed conflict, civil war, civil disturbance, uprising, riot or mutiny, other than for the protection of your own life or the lives of other persons in the same situation.
- If by your actions or statements you expose yourself to the risk of any punitive measure.
- If you suffer damage or loss as a consequence of terrorism, we will reimburse the costs that are normally covered by your insurance according to the terrorism cover (see "In which circumstances will we make a payment?" in the general terms and conditions).

Creation of department funds

1. We form one department fund for each calendar half year.
2. When that calendar half year ends, we deposit all the premiums earned in the department fund, after deducting costs.
3. After the calendar half year has ended, we make all the compensation payments. We also pay the costs associated with settlement of the claims. If any unused premium remains at the end of the calendar year, we add this to the department reserve and add up to 10% to the general reserve. This must be proposed by the management and approved by the Supervisory Board.
4. If insufficient premiums have been received in a specific calendar half year to pay the claims due (the balance of the department fund is insufficient), we can supplement the department fund with an amount taken from the department reserve, up to a maximum of half the balance of the department reserve. If this is still insufficient to pay the claims in full, then the management may supplement the department fund with an amount taken from the general reserve, with the prior approval of the Supervisory Board.

Processing of claims

1. OOM determines the amount of the compensation payment and informs you in writing of the maximum amount to which you are entitled. We do not pay the claim at that stage.
2. After the calendar half year has ended, we establish the total amount of all claims due to all insured persons and proceed to make payments, deducting any advances made.
3. If the total entitlement of all the insured persons in respect of a calendar half year exceeds the balance of the department fund, we will pay the highest possible percentage of the claims. This is the maximum amount that will be paid to you.
4. If the fund does not contain sufficient premiums in that calendar half year to pay the claims in full, but there is surplus premium in the other half of the calendar year, that surplus will be distributed among the insured persons who did not receive full compensation in the aforementioned calendar half year. After this period, the claim has been settled in full, even if you have not received 100% of your compensation payment. For example: you have a claim arising from War and Kindred Risks in March. The total amount of premium received in the period from January to June is €80,000, but the total amount of claims is €100,000. You therefore receive a payment of 80% of your claim. In the period from July to December the total amount of premium received is again €80,000, but the total amount of claims is €60,000. This means that there is a surplus of €20,000 in that calendar half year. We will then use this surplus to pay you as much as possible of your claim that has not yet been paid to you.
5. The total compensation amount you receive will never exceed the total amount of your claim. If it emerges at a later stage that the government or a third party pays compensation, which was not taken into consideration in determining your compensation payment, we will revise the original amount. We may claim back any surplus amount paid to you.

11. Which medical treatments and other costs are not covered by your OOM Living Abroad Insurance?

In the following situations we will not reimburse the costs of treatment due to illness or accident, unless explicitly stated otherwise on your policy sheet. We will not reimburse any costs in respect of:

- **Home pharmacy and/or non-prescription items.**
- **Vitamins and dietary supplements.**
- **Malaria medication and vaccinations.** The costs of malaria prophylaxis and vaccinations not listed in clause 7.
- **Dentures.**
- **Medical examinations and certificates.**
- **Wlz (Chronic Care Act).** The costs of treatments or items provided under the Chronic Care Act (Wlz), unless explicitly mentioned in these terms and conditions

The following situations are not covered by this insurance:

- **Nuclear reaction.** If the damage or loss is caused by a nuclear reaction, other than in medical treatment applied to the insured person.
- **Other insurance.** If you had not taken out this insurance, would you be able to make a claim for compensation, payment or assistance under another insurance policy, legislation or other provision? In that case, this insurance with OOM shall be the 'payer of last resort'. In any event, we will only reimburse you for costs incurred in excess of the amount that you are entitled to claim under such other insurance, legislation or provision. Or the amount that you would have been entitled to claim had you not entered into this insurance with OOM. Article 7:961 part 1 of the Dutch Civil Code (BW) does not apply.
- **Misleading information.** If you or another person entitled to payment under this insurance deliberately misleads us by failing to inform us or misinforming us regarding any fact or circumstance, except in cases where the misleading information does not justify this exclusion.
- **Incorrect representation of events.** If you represent events incorrectly or give an account that is damaging to our interests, unless this incorrect representation is not sufficiently essential to justify the exclusion. However, we will restrict your right to payment under this insurance. If a payment has already been made, we will claim our losses from you. If you deliberately represent events incorrectly in order to mislead us, under no circumstances will you be entitled to any reimbursement of costs.
- **Hijacking, strike, uprising or terrorism.** If the damage is associated with or caused by your participation in a hijacking, strike, uprising or act of terrorism.
- **Crime.** If the damage is associated with or caused by your committing (or assisting in) a crime.
- **Recklessness.** Costs resulting from deliberate, conscious or unintentional recklessness by you or anyone else with an interest in a payment under this insurance.
- **Sanction rules.** There are national and international general rules and specific sanction rules that may prohibit us from selling insurance to you. We are not permitted to sell you insurance if it turns out that under the terms of the sanctions legislation or regulations, it is prohibited to provide a financial service. If, after the start of the insurance, it turns out that you, an insured person, an insured case or another interested party is directly or indirectly involved in acts, transactions or events that are in breach of a sanctions law. or, if it appears that you or another interested party is included on a national or international sanctions list, then:
 - we will not reimburse any claim or we will temporarily or permanently suspend cover;
 - the general or financial interests of a person, company, government or other entity will be excluded from the insurance.

The original Dutch Terms and Conditions of this insurance policy are not affected by this English translation. In the case of any dispute, the original Dutch text shall prevail.
