# Coverage Summary OOM Temporary Residence Abroad Insurance

### **Health Insurance**

Corresponding policy conditions: ZKT2025-2

#### Costs arising from war and kindred risks

We will reimburse the costs that fall under the health insurance coverage (Light, Regular or Comfort), and under SOS insurance, even if these are incurred as a result of war and kindred risks. War and associated risks includes armed conflict, civil war, uprisings, domestic unrest, riots and mutiny. There is no coverage for damage caused by or arising from war and kindred risk occurring in the Netherlands.

#### What does OOM Temporary Residence Abroad Insurance Coverage compensate?

All compensations apply per insured person, per insured year or per insured period if it is shorter than one year.

We will only reimburse the costs listed below if they are medically necessary. There is a maximum insured amount for healthcare insurance. This is the amount that OOM Verzekeringen pays per insured person in one insurance year or insured period for all medical costs together. This amount is:

- Light cover: Up to € 1,500,000 per insured person per insured year or insured period if you are insured for a shorter period.
- **Regular cover**: Up to € 2,500,000 per insured person per insured year or insured period if you are insured for a shorter period.
- **Comfort cover:** Up to € 3,500,000 per insured person per insured year or insured period if you are insured for a shorter period.

Also, OOM will not reimburse any amount that exceeds the maximum charge rates approved by the appropriate authorities. In the Netherlands, that institution is the NZa. If you have taken out health insurance and you require medical treatment in the United States of America, Singapore, Malaysia, Indonesia, China, Hong Kong, Thailand, Mexico and the United Arab Emirates, specific obligations apply. You can find these in the Terms and Conditions of your health insurance.

Cost price means that we fully reimburse the costs. There is coverage for the additional insurance policies when this is stated on the policy sheet.

| Legal assistance with regard to immovable property                | Not insured  |

OOM Insurance has subcontracted our legal assistance service to ARAG. The company employs more than 450 legal experts and lawyers, who are able to resolve many cases without the need for legal proceedings.

Once court proceedings are necessary, there are two situations:

1. Representation by a lawyer is compulsory;

2. Representation by a lawyer is not compulsory, a legal expert/specialist is sufficient.

#### If a lawyer is compulsory

In some court proceedings it is compulsory to be represented by a lawyer, for example where there is more than € 25,000 involved. In this case, you can either choose an ARAG lawyer, or an external lawyer. If you choose an external lawyer in consultation with ARAG, you will be reimbursed a maximum amount of € 15,000. If you choose an ARAG lawyer, there is no maximum amount.

#### If a lawyer is not compulsory

In most court proceedings it is not necessary to be represented by a lawyer. For example cases under employment or leasing law that end up before the court. In these cases, you are now free to choose your own legal representative.

If you choose a legal expert from ARAG, you will be insured for all costs.

If you choose an external legal specialist, you will pay a contribution of € 250 and the maximum reimbursement of costs is € 6,000 per case. Once you have opted for an external legal expert, you can no longer choose an ARAG lawyer. An external legal specialist always will be commissioned by ARAG on your behalf.

#### Note:

- A case will be handled if the interest is at least € 175.
- You will only receive legal assistance if you did not know you would have a dispute before you took out insurance.
